RCR011

INCLUDES
2 X STRAPS

INCLUDES
REMOVABLE
DOOR

All of our roll cages come with 2 x 125mm swivel & rigid sandwich castors.

These castors are named for a unique blend of rebound rubber that is sandwiched between two layers of nylon. This provides strength, durability, and offers a smooth, cushioned ride.

Richmond can also offer a huge range of alternate wheel & castor types for roll cage trolleys.

ROLL CAGE ACCESSORIES

R NEW RANGE

On top of our range of 2, 3, and 4 sided roll cages. Richmond offer a range of roll cage accessories to take your trolley to the next level.

With a range of options available, these accessories add a new level of versatility to our incredible new range. Richmond's range of roll cage accessories include light, medium, and heavy duty shelves; as well as a door for more secure and organised stock transport.

All of these accessories can be added and removed from your cage as needed, allowing you to create your own modular roll cage system.
